Mr. John McGuire
Renu Restoration
1215 Sunrise Highland
Copiague, NY 11726

Dear John:

The effort and time that you and your employees dedicated to the Middle School Science Wing mold abatement project are very much appreciated. The scope of work required was enormous and the compressed timeframe heightened the sense of the urgency. You are commended for your constant, personal supervision and your employees are recognized for their quality work.

Please know the depth of the district's gratitude for improving the indoor environmental quality of the Middle School Science Wing. Thank you.

Sincerely,

Thomas J. Manko
Superintendent of Schools
