

Christmas 2018

Dear "Promise of Hope,"

Your gift cards brought relief and joy to the Middle School families who received them, and we are grateful for your donation.

One family survives day-to-day with very little means. Another family is "tripled up" with two additional families, and your card enabled our student to receive his own gifts. Yet another card was given to a mother who came to me saying "...we just need a little meat for Christmas day."

We all have the capacity do something for others. Your gifts did something for many. Thank you for your generosity and compassion.

HAPPY NEW YEAR TO ALL!

Very truly,

Debi Edwards

Longwood Middle School Social Worker
