Renu Restoration and Contracting

20- 35th St, Copiague, NY 11726

Mr. Vandenburg

The Harrison Central School District would like to thank you and your organization for the outstanding restoration performed at Louis M Klein Middle School due to a flood effecting three floors of the building during the latter part of August 2019. Your response time to this emergency was incredible. You and your staff showed up and put everyone's mind at ease and assured us that all damage from this flood would be repaired and be good as or better than the condition before the flood.

You were tasked with an incredible amount of work to be completed in a couple of weeks before school was to open. The coordination was excellent and the quality of work performed was not diminished because of the tight time line.

Sincerely,

Lenny Purcell

Director of Facilities III

Harrison Central School District
