UTILITY BILL AUDIT SERVICES

RENU ENERGY SOLUTIONS

INTRODUCTION

RENU Energy Solutions is a leader in providing comprehensive energy management and procurement services, dedicated to helping clients optimize their energy costs and achieve sustainability goals. Our Utility Bill Audit offering focuses on electricity and natural gas invoices, with a detailed review of rates, tariffs, billing determinants, taxes, and meter configurations to ensure clients are billed accurately and appropriately.

Through a structured audit process, RENU Energy and our partner MD Energy Advisors work from initiation through resolution - identifying issues, quantifying savings, supporting disputes, and ensuring corrective actions are implemented - while minimizing client involvement.

SCOPE OF WORK

1.Initial Consultation & Data Access

a. Conduct initial meetings to understand client's utility landscape and audit objectives.
b. Obtain authorization and access to historical utility invoices, preferably through utility portals or bill-pay systems.
c. Compile account, meter, and service location information.

2.Utility Bill Audit & Analysis

a. Review electricity and/or natural gas invoices for rate, tariff, and pricing errors.
b. Validate billing determinants such as usage, demand, and power factor.
c. Identify exemption opportunities.
d. Analyze meter consolidation opportunities and inactive meters.
e. Review contract versus invoice discrepancies when applicable.

3.Rate & Tariff Review

a. Evaluate available tariff and rate options using historical usage data.
b. Identify opportunities for ongoing cost reductions.

4.Issue Resolution & Recovery Support

a. Document identified issues and quantify financial impact.
b. Prepare predominant use study, if applicable
c. Prepare and submit disputes to applicable parties.
d. Support resolution through refunds, credits, or billing

5.Savings Tracking and Wrap-Up

a. Track savings throughout the audit process.
b. Provide a summary of recovered savings and cost avoidance at audit conclusion.

OBJECTIVES

- Identify and recover utility over payments.
- Correct billing issues to achieve sustained cost reductions.
- Reduce future financial risk from improper billing.
- Deliver a low-touch audit process with end-to-end support.
- Align incentives through a savings-based fee structure.

DELIVERABLES

1. Audit Findings Summary
2. Savings Tracker
3. Rate & Tariff Review Summary
4. Final Wrap-Up

Please feel free to contact us with any questions or for further discussion on this proposal.
